

EUR 575,000,000 4.125 per cent. Notes due 29 May 2029

Issue Price: 99.447 per cent.

This document, together with the information incorporated by reference herein, constitutes a prospectus (the "**Prospectus**") for the purposes of Article 6 of Regulation (EU) No. 2017/1129 of the European Parliament and of the Council on the prospectus to be published when securities are offered to the public or admitted to trading, as amended (the "**Prospectus Regulation**").

The EUR 575,000,000 4.125 per cent. notes due 29 May 2029 (the "**Notes**") of Nexans (the "**Issuer**") will be issued on 29 May 2024 (the "**Issue Date**").

References in this Prospectus to "**Conditions**" are, unless the context otherwise requires, to the numbered paragraphs of section "Terms and Conditions of the Notes" in this Prospectus.

Interest on the Notes will accrue at the rate of 4.125 per cent. *per annum* from, and including, the Issue Date to (but excluding) 29 May 2029 (the "**Maturity Date**") and will be payable in Euro annually in arrear on 29 May in each year, commencing on 29 May 2025. Payments of principal and interest on the Notes will be made without deduction for or on account of taxes of the Republic of France as provided in Condition 7.

Unless previously redeemed or purchased and cancelled, the Notes will be redeemed in full at their principal amount on the Maturity Date. All, but not some only, of the Notes may, and in certain circumstances shall, be redeemed, at their principal amount together with accrued interest in the event that certain French taxes are imposed or in case of an event of default as provided respectively in Condition 5(b) and Condition 9. The Issuer, on any Make-Whole Redemption Date (as defined in Condition 5(c)), may redeem all, or a specified percentage of the outstanding principal amount of the Notes, calculated as described in Condition 5(c). In addition, the Issuer may, at its option, (i) on any date from and including 28 February 2029 to but excluding the Maturity Date, redeem the Notes outstanding on any such date, in whole (but not in part), at their outstanding principal amount together with accrued interest, as described in Condition 5(d), (ii) if 75 per cent. or more in initial nominal amount of the Notes then outstanding have been redeemed or purchased and cancelled, redeem the remaining Notes in whole (but not in part), as described in Condition 5(e), at their then outstanding principal amount together with accrued interest, or (iii) following an Acquisition Event (as defined hereinafter), redeem the outstanding Notes, in whole (but not in part), at an amount equal to 101 per cent. of their principal amount together with any accrued interest to (but excluding) the date fixed for redemption, as described in Condition 5(f).

The holder of each Note will have the option, following a Put Event to request the Issuer to redeem or propose the purchase of that Note at their then outstanding principal amount together with accrued interest, as more fully described in Condition 8.

This Prospectus has been approved by the *Autorité des marchés financiers* (the "**AMF**"), as competent authority under the Prospectus Regulation. The AMF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer and on the quality of the Notes that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application will be made to Euronext Paris S.A. ("**Euronext Paris**") for the Notes to be admitted to trading as of their Issue Date on the regulated market of Euronext Paris. Euronext Paris is a regulated market for the purposes of the Directive (EU) 2014/65 of the European Parliament and of the Council on markets in financial instruments, as amended.

The Notes will on the Issue Date be inscribed (*inscription en compte*) in the books of Euroclear France which shall credit the accounts of the Account Holders (as defined in Condition 1) including Euroclear Bank SA/NV ("**Euroclear**") and the depositary bank for Clearstream Banking, S.A. ("**Clearstream**"). The Notes have been accepted for clearance through Euroclear France, Euroclear and Clearstream.

The Notes will be issued in dematerialised bearer form (*au porteur*) in the denomination of EUR 100,000 each. Title to the Notes will be evidenced in accordance with articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book-entry form (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

The long-term debt of the Issuer is rated BB+ (stable outlook) by S&P Global Ratings ("**S&P**"). The Notes have been assigned a rating of BB+ by S&P. As at the date of this Prospectus, S&P is established in the European Union, is registered under Regulation (EC) No. 1060/2009 on credit rating agencies, as amended (the "**CRA Regulation**") and included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (<https://www.esma.europa.eu/credit-rating-agencies/cra-authorisation>) in accordance with the CRA Regulation. S&P is not established in the United Kingdom (the "**UK**") and is not registered in accordance with Regulation (EC) No. 1060/2009 as it forms part of UK domestic law by virtue of the

European Union (Withdrawal) Act 2018 (the "EUWA") (the "UK CRA Regulation"). However, the rating of the Issuer has been endorsed by S&P Global Ratings UK Limited, in accordance with the UK CRA Regulation and have not been withdrawn. As such, the rating issued by S&P may be used for regulatory purposes in the UK in accordance with the UK CRA Regulation. MIFID II product governance / professional investors and ecps only target market – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 19 of the Guidelines on MiFID II product governance requirements published by the European Securities and Markets Authority (ESMA) dated 3 August 2023, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**Distributor**") should take into consideration the manufacturers' target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

UK MiFIR product governance / professional investors and ecps only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**UK Distributor**") should take into consideration the manufacturer's target market assessment; however, a UK Distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

Suitability of investment in the Notes

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency or where the currency for principal or interest payments is different from the currency in which such potential investor's financial activities are principally denominated;
- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant financial markets;
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (f) consult their legal advisers in relation to possible legal, tax, accounting, regulatory and related aspects of any investment in the Notes.

Consideration relating to credit rating of the Notes and the Issuer

The rating assigned to the Notes by each rating agency is based on the Issuer's financial situation but takes into account other relevant structural features of the transaction, including, *inter alia*, the terms of the Notes, and reflects only the views of such rating agency. A rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this paragraph, and other factors that may affect the value of the Notes. The rating addresses the likelihood of full and timely payment to the Noteholders of all payments of interest on each interest payment date and repayment of principal on the final payment date. There is no assurance that any such rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the rating agency as a result of changes in or unavailability of information or if, in the rating agency's judgement, circumstances so

warrant. A credit rating and/or a corporate rating are not a recommendation to buy, sell or hold securities. Any adverse change in an applicable credit rating could adversely affect the trading price for the Notes.

In addition, S&P or any other rating agency may change its methodologies or their application for rating securities with features similar to the Notes in the future. This may include the relationship between ratings assigned to an issuer's senior securities and ratings assigned to securities with features similar to the Notes, sometimes called "notching". If the rating agencies were to change their practices or their application for rating such securities in the future, the ratings of the Notes may be subsequently lowered.

The Issuer is rated BB+ (stable outlook) by S&P. The credit rating of the Issuer is an assessment of its ability to pay its obligations, including those arising from the Notes. Consequently, declines in the credit ratings of the Issuer may in turn impact the credit rating of the Notes.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. In particular, potential investors are warned that the tax laws of the investor's jurisdiction or of France (the Issuer's country of incorporation) might have an impact on the income received from the Notes. Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

RISK FACTORS

The following are certain risk factors of the offering of the Notes of which prospective investors should be aware. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur. Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes are also described below. The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons. Prospective investors should make their own independent evaluations of all risk factors and should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Terms used but not defined in this section shall have the same meaning as that set out in the other sections of this Prospectus.

1 RISK FACTORS RELATING TO THE ISSUER

Risk factors relating to the Issuer and the Group are set out in pages 72 to 87 of the 2023 Universal Registration Document (as defined in section "Documents Incorporated by Reference") incorporated by reference into this Prospectus and include the following:

- Strategic risks;
- Operational risks;
- Legal and compliance risks; and
- Financial risks.

2 RISK FACTORS RELATING TO THE NOTES

(a) Risks related to particular structure of the Notes

Credit Risk

As contemplated by Condition 2, the Notes constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer. However, an investment in the Notes involves taking credit risk on the Issuer. Credit risk refers to the risk that the Issuer may be unable to meet its financial obligations under the Notes. If the creditworthiness of the Issuer deteriorates and notwithstanding Condition 9 which enables the Noteholders to request through the Representative of the *Masse* the redemption of the Notes, it may not be able to fulfil all or part of its payment obligations under the Notes, which could materially and negatively impact the Noteholders, who may lose all or part of their investment.

The Notes are not protected by restrictive covenants and do not prevent the Issuer from incurring additional indebtedness

The negative pledge provided in Condition 3 prohibits the Issuer from granting any mortgage over its present or future real property assets or interests, nor any pledge, charge, or any other security interest on its present or future assets or incomes, to holders of other notes (*obligations*) issued or guaranteed by the Issuer, which are, or are capable of being, admitted to trading on a regulated market.

Subject to this negative pledge, the Issuer may incur significant additional indebtedness that could rank equally with the Notes. Accordingly, if the Issuer incurs significant additional indebtedness ranking equally with the Notes, it will increase the number of claims that would be entitled to share ratably with Noteholders in any proceeds distributed in connection with an insolvency, bankruptcy or similar proceeding and increase the risk for the Noteholders to lose all or part of their investment in the Notes.

The Notes may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts in respect of any Notes due to any withholding as provided in Condition 7 or in the case of an event of default as provided in Condition 9, the Issuer may and, in certain circumstances shall, redeem all, but not some only, of the Notes then outstanding at their then outstanding principal amount together with any interest accrued in accordance with Condition 5(b) and such Conditions.

In addition, subject to the conditions set out in Condition 5(c), on any Make-Whole Redemption Date, the Issuer may redeem all, or a specified percentage of, the outstanding principal amount of the Notes as calculated in such Condition 5(c). Depending on the aggregate nominal amount of Notes so redeemed, any trading market in respect of the Notes may become illiquid. As a result, a Noteholder may not be able to resell its Notes without incurring a significant discount from the nominal value of the Notes.

Furthermore, the Issuer may at its option redeem the Notes in whole (but not in part) (i) at their outstanding principal amount together with any interest accrued up to (but excluding) the date fixed for redemption during the period from, and including, 28 February 2029 to, but excluding, the Maturity Date, as provided in Condition 5(d) or (ii) upon an Acquisition Event at an amount equal to 101 per cent. of their principal amount together with any accrued interest to (but excluding) the date fixed for redemption as provided in Condition 5(f). An Acquisition Event will occur if the Issuer has not completed and closed the acquisition of La Triveneta Cavi s.p.a, and on or prior to 31 December 2024, the Issuer has publicly stated that it is no longer pursuing such acquisition. Notice of such redemption may be given to the Noteholders up to and including 31 January 2025. Notwithstanding the occurrence of an Acquisition Event, the Issuer may decide to redeem all the Notes or may decide not to redeem of the Notes.

If 75 per cent. or more in initial principal amount of the Notes have been redeemed or purchased and cancelled, the Issuer may, on not less than 15 or more than 45 calendar days' notice to the Noteholders, redeem all the remaining Notes at their then outstanding principal amount together with any accrued interest as set out in Condition 5(e).

Any early redemption of the Notes may result, for the Noteholders, in a yield that is considerably lower than anticipated. In addition, Noteholders may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.

Change of Control – Put Option

Condition 8 provides that in the event of a Put Event, the holder of each Note will have the option to require the Issuer to redeem or procure the purchase of that Note at its then outstanding principal amount together with any accrued interest. Furthermore, if a potential Change of Control and a Rating Downgrade in respect of such potential Change of Control Period occur, a holder of Notes will not be able to exercise its Put Option unless within 180 calendar days following the date of such announcement or statement relating to any potential Change of Control, a Change of Control occurs. Any trading market in respect of those Notes in respect of which such Put Option is not exercised may become illiquid. In addition, Noteholders may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.

Therefore, Noteholders not having exercised their Put Options may not be able to sell their Notes on the market and may have to wait until the Maturity Date to obtain redemption of their investments in the Notes, which may reduce the profits anticipated by the Noteholders at the time of the issue.

Interest rate risks

The Notes bear interest on their outstanding principal amount from time to time at the rate of 4.125 per cent. *per annum*, from, and including, the Issue Date to (but excluding) the Maturity Date and will be payable in Euro annually in arrear on 29 May in each year, commencing on 29 May 2025, in accordance with Condition 4. Investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value and the yield of the Notes and Noteholders may receive lower return on the Notes than anticipated at the time of the issue and lose a portion of the capital invested if they decide to sell their Notes.

(b) Risk related to legislation

French Insolvency Law

The Issuer is a *société anonyme* with its corporate seat in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by the *Ordonnance* 2021-1193 dated 15 September 2021. Such *ordonnance*, applicable as from 1st October 2021, amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *ordonnance*, "affected parties" (including notably creditors, and therefore the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of notes issued by the Issuer, including the Notes. As a consequence, any decisions taken by a class of affected parties could negatively and significantly impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Modification of the Terms and Conditions of the Notes

Holders of Notes will be grouped automatically for the defense of their common interests in a *Masse*, as defined in Condition 11, and a General Assembly of Noteholders can be held or a Written Resolution can be taken. The Terms and Conditions of the Notes permit in certain cases defined majorities to bind all Noteholders who did not attend and vote at the relevant General Assembly or did not consent to the relevant Written Resolution and Noteholders who voted in a manner contrary to the majority. If a decision is adopted by a majority of Noteholders and such modifications were

to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes and hence Noteholders may lose part of their investment.

The Noteholders may, subject to the provisions of Condition 11 and the limitation provided by French law, deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes, notably on any proposal, whether for arbitration or settlement, relating to rights in controversy or which were subject of judicial decisions.

Condition 11 provides that the provisions of Article L.228-65 I. 1° and 4° of the French *Code de commerce* (respectively providing for a prior approval of the General Meeting of any change in corporate purpose or form of the Issuer, or of an issue of notes benefiting from a security (*sûreté réelle*) which does not benefit to the *Masse*) and the related provisions of the French *Code de commerce* shall not apply to the Notes. As a result of these exclusions, the prior approval of the Noteholders will not have to be obtained on any such matters which may affect their interests generally.

(c) Risks related to the market generally

Market Value of the Notes

The Notes have been rated BB+ by S&P. The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to, market interest and yield rates and the time remaining to the maturity date. The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder. Accordingly, all or part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would receive significantly less than the total amount of capital invested.

No active secondary or trading market for the Notes

Application has been made for the Notes to be admitted to trading on Euronext Paris as from the Issue Date. An active trading market for the Notes may not develop and, if one does develop, it may not be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. Therefore, Noteholders may not be able to sell their Notes in the secondary market (in which case the market or trading price and liquidity may be adversely affected) or may not be able to sell their Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market and Noteholders could lose a significant part of their investments in the Notes.

In addition, exercise of the Put Option, as defined and provided in Condition 8 in respect of any Notes may affect the liquidity of the Notes in respect of which such Put Option is not exercised. Depending on the number of Notes in respect of which the Put Option is exercised, any trading market in respect of any outstanding Notes may become to varying degrees less liquid.

TERMS AND CONDITIONS OF THE NOTES

The issue of the EUR 575,000,000 4.125 per cent. Notes due 29 May 2029 (the "**Notes**") by Nexans (the "**Issuer**") has been authorised pursuant to the resolution of the Board of Directors (*Conseil d'administration*) of the Issuer dated 17 January 2024 and was decided by Jean-Christophe Juillard, Deputy Chief Executive Officer and Chief Financial Officer (*Directeur général adjoint et directeur financier*) of the Issuer on 22 May 2024. The Issuer entered into an agency agreement dated 27 May 2024 (the "**Agency Agreement**") with Société Générale as fiscal agent, paying agent and calculation agent (the "**Fiscal Agent**", the "**Paying Agent**" and the "**Calculation Agent**", which expressions shall, where the context so admits, include any successor for the time being as fiscal agent and/or paying agent and/or calculation agent) and as put agent (the "**Put Agent**", which expression shall, where the context so admits, include any successor for the time being as put agent). References below to "**Conditions**" are, unless the context otherwise requires, to the numbered paragraphs below. In these Conditions, "**holder of Notes**", "**holder of any Note**" or "**Noteholder**" means the person whose name appears in the account of the relevant Account Holder as being entitled to such Notes.

1 Form, Denomination and Title

The Notes are issued in dematerialised bearer form (*au porteur*) in the denomination of EUR 100,000 each. Title to the Notes will be evidenced in accordance with Article L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

The Notes will, upon issue, be inscribed in the books of Euroclear France, which shall credit the accounts of the Account Holders. For the purpose of these Conditions, "**Account Holders**" shall mean any authorised financial intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV ("**Euroclear**") and the depositary bank for Clearstream Banking, S.A. ("**Clearstream**").

Title to the Notes shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of Notes may only be effected through, registration of the transfer in such books.

2 Status

The principal and interest in respect of the Notes constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer and rank and will at all times rank *pari passu* without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with any other present or future unsecured and unsubordinated obligations of the Issuer.

3 Negative Pledge

So long as any of the Notes remain outstanding, the Issuer undertakes not to grant any mortgage (*hypothèque*) over its present or future real property assets or interests, nor any pledge (*nantissement*), charge (*gage*), or any other security interest (*sûreté réelle*) on its present or future assets or incomes, to holders of other notes (*obligations*) issued or guaranteed by the Issuer, which are, or are capable of being, admitted to trading on a regulated market, unless at the same time the Notes are equally and rateably secured therewith.

Such undertaking is given only in relation to security interests given for the benefit of holders of notes (*obligations*) which are, or are capable of being, admitted to trading on a regulated market

and does not affect in any way the right of the Issuer to dispose of its assets or to grant any security in respect of such assets in any other circumstance.

For the purposes of these Conditions, "**outstanding**" means, in relation to the Notes, all the Notes issued other than: (a) those which have been redeemed on their due date or otherwise in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption monies (including all interest accrued on such Notes to the date for such redemption and any interest payable under Condition 4 after such date) have been duly paid to the Fiscal Agent, (c) those which have been purchased and cancelled as provided in Condition 5 and (d) those in respect of which claims have become prescribed under Condition 10.

4 Interest

The period from, and including, the Issue Date to, but excluding, the first Interest Payment Date and each successive period from and including an Interest Payment Date to, but excluding, the next Interest Payment Date is called an "**Interest Period**".

(b) Interest Calculation

Where interest is to be calculated in respect of a period which is equal to or shorter than an Interest Period (as defined under Condition 4(a) above), the day-count fraction used will be the Actual/Actual-ICMA method being the number of calendar days in the relevant period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the number of calendar days in the Interest Period in which the relevant period falls (including the first such day but excluding the last).

(c) Interest Accrual

Each Note will cease to bear interest from the due date for redemption, unless payment of the full amount due in respect of the Notes is improperly withheld or refused on such date. In such event, interest on the outstanding principal amount of such Note from time to time shall continue to accrue at such rate until, and including, whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day of receipt by or on behalf of Euroclear France of all sums due in respect of all the Notes.

5 Redemption and Purchase

The Notes may not be redeemed or purchased and cancelled otherwise than in accordance with Conditions 5, 8 and 9.

(a) Final Redemption

Unless previously redeemed or purchased and cancelled as provided below, the Notes will be redeemed by the Issuer at their outstanding principal amount on the Maturity Date.

(b) Redemption for Taxation Reasons

- (i) If, by reason of a change in any law or regulation of the Republic of France or any political subdivision or authority therein or thereof having power to tax, or any change in the official application or interpretation of such law or regulation (including a holding by a competent court), becoming effective after the Issue Date, the Issuer would, on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified in Condition 7, the Issuer may, at its sole discretion, at any time, subject to having given not more than 45 nor less than 15 calendar days' prior notice to the Noteholders in accordance with Condition 12 (which notice shall be irrevocable), redeem in whole, but not in part, the Notes outstanding at their outstanding principal amount, together with all interest accrued to the date fixed for redemption, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal or interest without withholding for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall, subject to having given not less than 7 (seven) calendar days' prior notice to the Noteholders in accordance with Condition 12 (which notice shall be irrevocable), redeem in whole, but not in part, the Notes at their outstanding principal amount, together with all interest accrued to the date fixed for redemption of which notice hereunder may be given, provided that the due date for redemption shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount of principal or interest, payable in respect of the Notes or, if such date has passed, as soon as practicable thereafter.

"**Optional Redemption Amount**" means, in relation to any Make-Whole Redemption Date, an amount in Euro per Note calculated by the Calculation Agent and equal to the sum of (A) the greater of (x) 100 per cent. of the outstanding principal amount of each Note so redeemed and (y) the sum (rounded to the nearest cent (half a cent being rounded upwards)) of the then present values as at such Make-Whole Redemption Date of the remaining scheduled payments of principal and interest of the Notes from, but excluding, the Make-Whole Redemption Date to, and including, 28 February 2029 (determined on the basis of the interest rate applicable to such Notes (excluding any accrued interest pursuant

to (B) below)), discounted to such Make-Whole Redemption Date on an annual basis at a rate equal to the sum of (x) the Early Redemption Rate (as defined below) and (y) the Early Redemption Margin (as defined below) and (B) any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

"Benchmark Reference Price" means, on any date, (A) the Bundesbank reference price on the Frankfurt Stock Exchange (*Bundesbank-Referenzpreis*) (or any successor thereto) for the Reference Benchmark Security in respect of such date, or (B) if no such Bundesbank reference price (or successor thereto) in respect of such date is available at the latest on the business day in Paris and Frankfurt immediately succeeding the Determination Date, the mid-market Bloomberg Generic Price (or any successor thereto) for the Reference Benchmark Security at 11.00 am (Central European Time (CET)) (or, if no such price is available at 11.00 am, the mid-market Bloomberg Generic Price (or any successor thereto) which is next available on such date) as appearing on Bloomberg page QR (or any successor thereto) in respect of the Reference Benchmark Security, or (C) if the Benchmark Reference Price cannot be so determined, the relevant Reference Dealers Price, or (D) if no such Reference Dealers Price is available, such price as is determined in good faith to be appropriate by an independent expert appointed by the Issuer.

"Reference Dealers Price" means the average of the three quotations (or if only two quotations are provided by the Reference Dealers, the average of such two quotations, or if only one quotation is provided by the Reference Dealers, such quotation) for the mid-market price of the Reference Benchmark Security at 11.00 am (Central European Time (CET)) on the relevant Determination Date.

"Reference Benchmark Security" means the German government bond bearing interest at a rate of 0.25 per cent. *per annum* and maturing on 15 February 2029 with (as at the Issue Date) ISIN DE0001102465 (the **"Original Reference Benchmark Security"**), or if the Original Reference Benchmark Security is no longer outstanding on the relevant Determination Date, the Substitute Reference Benchmark Security.

or (ii) (where (i) does not apply) has the maturity date falling nearest to 28 February 2029, all as determined by the Calculation Agent.

All notifications, opinions, determinations, certifications, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5(c) by the Calculation Agent shall (in the absence of willful default, bad faith or manifest error) be binding on the Issuer and the Noteholders and (in the absence as aforesaid) no liability to the Issuer or the Noteholders shall attach to the Calculation Agent in connection with the exercise or non-exercise of its powers, duties and discretions.

(d) Residual maturity call at the option of the Issuer

The Issuer may, subject to compliance with all relevant laws, regulations and directives, on giving not less than 15 nor more than 45 calendar days' irrevocable notice in accordance with Condition 12 to the Noteholders redeem, at any time as on any date during the period from, and including, 28 February 2029 to, but excluding, the Maturity Date, the Notes outstanding on any such date, in whole (but not in part), at their outstanding principal amount together with accrued interest up to (but excluding) the date fixed for redemption.

The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the Put Agent, the Calculation Agent or any Paying Agent and/or to appoint a substitute Fiscal Agent, Put Agent or Calculation Agent and additional or other Paying Agents or approve any change in the office through which the Fiscal Agent, the Put Agent, the Calculation Agent or any Paying Agent acts, provided that, so long as any Note is outstanding, there will at all times be (i) a Fiscal Agent, a Paying Agent and a Put Agent having a specified office in a major European city, (ii) a Calculation Agent being a leading bank engaged in the Euro interbank market or a recognised standing expert able to perform the calculations required to be performed by the Calculation Agent. (a) Withholding Tax Exemption

All payments of principal, interest and other assimilated revenues by, or on behalf of, the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for or on account of, any taxes or duties of whatever nature imposed, levied or collected by or on behalf of France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional Amounts

If French law or regulation should require that payments of principal of, or interest on, any of the Notes be subject to deduction or withholding for or on account of any present or future taxes or duties of whatever nature, the Issuer shall, to the extent permitted by law, pay such additional amounts as will result in the receipt by the Noteholders of the amounts which would have been receivable by them in the absence of such requirement to deduct or withhold; provided, however, that the provisions mentioned above shall not apply to payment of interests and other revenues to, or to a third party on behalf of, a Noteholder, in respect of such Notes which are subject to taxes by reason of his having some connection with France other than the mere holding of such Notes.

8 Change of Control

If at any time while any Note remains outstanding there occurs a Put Event, the holder of each Note will have the option (the "**Put Option**") (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem the Notes under Conditions 5(b), 5(c) (if for the total principal amount then outstanding of the Notes), 5(d) or 5(e)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Note on the Optional Redemption Date (as defined below) at its principal amount together with any interest accrued to, but excluding the date set for redemption.

A "**Put Event**" shall be deemed to have occurred at each time (i) a Change of Control occurs and (ii) within the Change of Control Period a Rating Downgrade occurs in respect of that Change of Control or, as the case may be, potential Change of Control.

A "**Change of Control**" in respect of the Issuer shall be deemed to have occurred at each time (whether or not approved by the Issuer) that any Relevant Person(s), at any time following the Issue Date of the Notes, acquire(s) Control of the Issuer unless such Relevant Person(s) is (are) under the Control of Nexans immediately prior to such Change of Control.

"**Relevant Person**" means any person or persons acting in concert (as defined in Article L.233-10 of the French *Code de commerce*) or any person or persons acting on behalf of any such person(s).

"**Control**" means, in respect of any entity, the holding or acquisition, directly or indirectly, by any Relevant Person of:

- (a) more than 50 per cent. of the issued ordinary share capital of such entity; or
- (b) such number of shares in the capital of such entity carrying more than 50 per cent. of the total voting rights normally exercisable at an ordinary or extraordinary shareholders' general meeting of the Issuer; or
- (c) a number of shares in the ordinary share capital of such entity carrying at least 40 per cent. of the voting rights exercisable in ordinary or extraordinary shareholders' general meetings of such entity where no other shareholder of such entity, directly or indirectly, acting alone or in concert with others, holds a number of shares carrying a percentage of the voting rights exercisable in such general meetings which is higher than the percentage of voting rights attached to the number of shares held by such Relevant Person.

A "**Rating Downgrade**" shall be deemed to have occurred in respect of a Change of Control if:

- (i) within the Change of Control Period:
 - (a) any investment grade credit rating (Baa3/BBB-, or equivalent, or better) assigned to the long-term debt of the Issuer by any Rating Agency is (x) either downgraded to a non-investment grade credit rating (Ba1/BB+, or equivalent, or worse) or withdrawn and (y) is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to an investment grade credit rating by such Rating Agency; or
 - (b) any non-investment grade credit rating (Ba1/BB+, or equivalent, or worse) assigned to the long-term debt of the Issuer by any Rating Agency is (x) downgraded by one or more notches (for illustration, Ba1/BB+ to Ba2/BB being one notch) or withdrawn and (y) is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such Rating Agency; or

(c) the long-term debt of the Issuer has no credit rating, and no Rating Agency assigns within the Change of Control Period an investment grade credit rating to the Notes,

provided that if on the Relevant Announcement Date the long-term debt of the Issuer is assigned a credit rating from more than one Rating Agency, at least one of which is investment grade, then sub-paragraph (a) will apply; and

(ii) in making the relevant decision(s) referred to (a) and (b) above, the relevant Rating Agency announces publicly or confirms in writing to the Issuer that such decision(s) resulted directly, in whole or to a significant degree, from the occurrence of the Change of Control or, as the case may be, potential Change of Control,

provided that if the rating designations employed by any Rating Agency are changed from those in force at the time of the Issue Date, the Issuer shall determine the rating designations of such Rating Agency as are most equivalent to the prior rating designations of such Rating Agency and this Condition 8 shall (in the absence of manifest error) be read accordingly.

"Rating Agencies" means S&P Global Ratings, a division of The McGraw-Hill Companies, Inc. and/or Moody's Investor Services and/or Fitch Ratings and their respective successors or affiliates and/or any other rating agency of equivalent international standing specified from time to time by the Issuer which has a current rating of the Notes at any relevant time (each a **"Rating Agency"**).

"Change of Control Period" means the period commencing on the Relevant Announcement Date and ending 180 calendar days after the Change of Control, or such longer period for which the long-term debt of the Issuer is under consideration (such consideration having been announced publicly within the period ending 180 calendar days after the Change of Control) for rating review or, as the case may be, under consideration for rating by a rating agency, such period not to exceed 90 calendar days after the public announcement of such consideration.

"Relevant Announcement Date" means the earlier of (x) the date of the first public announcement of the relevant Change of Control; and (y) the date of the first public announcement or statement by the Issuer, any actual or potential bidder or any advisor thereto relating to any potential Change of Control where within 180 calendar days following the date of such announcement or statement, a Change of Control occurs.

Immediately upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall, give notice (a **"Put Event Notice"**) to the Noteholders in accordance with Condition 12 specifying the nature of the Put Event and the procedure for exercising the Put Option contained in this Condition 8.

To exercise the Put Option to require the redemption or, as the case may be, purchase of a Note under this Condition 8, the Noteholder must transfer or cause to be transferred by its Account Holder its Notes to be so redeemed or purchased to the account of the Put Agent specified in the Put Event Notice for the account of the Issuer (or any relevant purchaser) within the period of 120 calendar days after the Put Event Notice is given (the **"Put Period"**), together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a **"Put Option Notice"**) and in which the Noteholder may specify a Euro-denominated bank account to which payment is to be made under this Condition 8.

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of the Notes in respect of which the Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the account of the Put Agent for the account of the Issuer (or any relevant purchaser) as described above, on the date which is the tenth Business Day following the end of

the Put Period (the "**Optional Redemption Date**"). Payment in respect of any Note so transferred will be made in Euro to the Noteholder to the Euro-denominated bank account specified in the relevant Put Option Notice on the Optional Redemption Date via the relevant Account Holder.

- . if any other financial indebtedness of the Issuer or any of its Principal Subsidiaries (as defined below) in an amount in excess of EUR 50,000,000 is declared due and payable due to an event of default under one of the agreements relating to such indebtedness of the Issuer or such Principal Subsidiary, unless the Issuer challenges such default in good faith before a competent tribunal, in which case an early redemption of the Notes will be mandatory only if the tribunal has found against the Issuer and the Issuer has not complied with the judgement in accordance with its terms; or

Paris, April 24, 2024 – Nexans, a global leader in the design and manufacturing of cable systems to power the world, announces its financial information for the first quarter of 2024. Commenting on the Group's first quarter highlights, Christopher Guérin, Nexans' Chief Executive Officer, said:

"2024 is off to a good start with record first quarter standard sales. Our Electrification businesses drive growth, up +6.7% organically year-on-year, supported by double-digit growth in Generation & Transmission, coupled with sustained momentum in Distribution and Usage segments. We are accelerating our Electrification pure player strategy with the planned acquisition of the iconic La Triveneta Cavi which will enhance our portfolio in Italy and will have a high-single-digit accretive impact on earnings per share from year one.

This quarter reflected strong trends in Electrification, the strength of our solutions, as well as the engagement of our teams reaching a record 78% rate, showing that Engagement leads to performance.

We remain committed to delivering value to our shareholders and customers as we continue to execute our strategy, and we are confident in our ability to achieve another year of performance."

Q1 2024 HIGHLIGHTS

The Group's first quarter 2024 sales at standard metal prices of €1,692 million represent the strongest first quarter level achieved by Nexans. Organic growth was +2.8% compared to first quarter 2023 driven by Electrification businesses, and +4.7% excluding Other activities, which are being reduced in line with the Group's strategy.

The Electrification businesses (Generation & Transmission, Distribution and Usage) witnessed a strong organic sales increase of +6.7% thanks to (i) the ramp-up of the Halden plant in the Generation & Transmission segment, (ii) the focus on product mix toward higher value-added solutions in the Usage segment, and (iii) good momentum in the Distribution segment, driven by strong utilities demand. The Non-electrification business remained stable at +0.3% organic growth supported by sustained growth in Auto-harnesses despite a last year's high comparison basis. Other activities experienced a significant organic decrease of -8.2% compared to first quarter 2023.

The scope effect included the positive contribution of the acquisition of Reka Cables (Finland) in the Distribution and Usage businesses starting from end of April 2023, partly offset by the sale of the Telecom Systems business, completed in October 2023 in the Other activities segment.

After successfully acquiring Centelsa in Colombia and Reka Cables in Finland, in February 2024, the Group announced an agreement to acquire La Triveneta Cavi in Italy, an iconic player in the European medium- and low-voltage cable segments. This major step in the Group's electrification strategy will add 700 people across four production units and over €800 million in sales. The landmark transaction represents an acquisition multiple of 5.6x 2023 EBITDA pre-synergies and 4.6x post-synergies and will have a high-single-digit accretive impact on earnings per share (EPS) from year one. Nexans' financing of the acquisition will have a limited impact on leverage. The Group has already made significant progress, notably the approval of the Golden Power, and closing of the transaction is expected in the second quarter, subject to regulatory approvals and satisfaction of other customary closing conditions.

Q1 2024 STANDARD SALES PER SEGMENT

| GENERATION & TRANSMISSION (15% OF TOTAL STANDARD SALES)

Generation & Transmission standard sales came in at €257 million in first quarter 2024, up +33.9% organically compared to first quarter 2023. The business benefitted from the full contribution of the Charleston high voltage plant in the US and the ramp-up of the Halden plant expansion in Norway starting February.

Activity was strong in the first quarter mainly due to the installation campaigns for Barrow Umbilical and Moray West projects, together with successful testing progress on Tyrrhenian Link.

Customer activity was strong, supported by more than €20 billion subsea high voltage market pipeline in both subsea interconnection and offshore wind. In line with its risk-reward selectivity approach, the segment's adjusted backlog rose to a record €6.7 billion at March 31, 2024, up by +10.2% compared to December 31,

2023, boosted by the first call-off under the TenneT framework agreement awarded in April 2023 for the turnkey BalWin3 and LanWin4 grid connection systems.

The sound visibility of manufacturing and installation asset loads has been extended through 2030. Strategic investment continued as planned, with the completion of the Halden plant expansion in early 2024, doubling subsea high voltage cables manufacturing capabilities in XLPE technology in Norway. The ongoing construction of a third cable-laying vessel, Nexans Electra, will address substantial backlog growth.

| DISTRIBUTION (18% OF TOTAL STANDARD SALES)

Standard sales in the Distribution segment rose organically by +3.4% compared to first quarter 2023 to €303 million, driven by high demand from electric utilities with grid investment being a priority in many countries.

Europe benefitted from new frame-agreements notably in Italy where Nexans has been awarded a major contract to supply a leading Italian utility with 6,000 km of low- and medium-voltage power distribution cables and services, beginning in February 2024 and for a period of 16 months. This contract reinforces Nexans' position as a long-term partner of the utility and as a major player in sustainable electrification.

In Americas and Africa, sales were slowed by the timing of orders, while in Asia Pacific, they experienced a rebound.

| USAGE (27% OF TOTAL STANDARD SALES)

Standard sales in the Usage segment amounted to €465 million in first quarter 2024. Sales were down -2.5% organically compared with first quarter of 2023, and up +10.9% versus fourth quarter 2023, reflecting sustained demand across all regions and a focus on value-added solutions.

The Group benefited from a continued improvement in the product mix improvement towards higher value-added solutions, driven by the accelerated pace of adoption of fire safety cables and the launch of new products and solutions. During the quarter, the Mobiway BOOST smart packing was launched in Asia Pacific. This innovative spool design helps electricians work smarter, faster, and safer.

From a geographical perspective, Europe was resilient despite construction slowdowns in some areas. Demand was strong in Asia Pacific and South America. Middle East & Africa saw high demand, notably in datacenters while volumes in North America (mainly Canada) moderated compared to first quarter 2023 highs.

| NON-ELECTRIFICATION (Industry & Solutions) (26% OF TOTAL STANDARD SALES)

Standard sales in the Industry & Solutions segment reached €447 million in first quarter 2024, representing an organic year-on-year growth of +0.3% on the back of a high basis of comparison last year. The segment benefited from growth in Auto-harnesses and Shipbuilding, compensating for a weaker demand in Automation and Rail markets.

| OTHER ACTIVITIES (13% OF TOTAL STANDARD SALES)

The Other Activities segment, primarily comprising copper wire sales, reported standard sales of €220 million in first quarter 2024. Sales were down -8.2% organically year on year, mainly due to the Group's strategy to reduce external copper wire sales through tolling agreements to mitigate their dilutive effect.

2024 OUTLOOK

In 2024, Nexans expects to benefit from continued buoyant market demand, driven by global megatrends in electrification, as well as its structural transformation and value-added solutions to support its profitability improvements. The Distribution market is currently entering a hyper cycle of investment. The record risk-reward backlog in Generation & Transmission provides solid visibility, and the Group will benefit from the contribution of the ramp-up of the Halden plant in Norway starting February 2024.

The macroeconomic context is marked by ongoing weak demand in some geographies in construction. However, the countries affected in 2023 proved to be resilient thanks to value-added offers, customer selectivity and the strong focus on cash generation. In this challenging context, some initiatives are already in place and Nexans will draw on the agility and commitment of its teams to adapt to changes and continue to focus on cash generation.

In this context for 2024, assuming there are no conjunctural effects and excluding non-closed acquisitions and divestments, Nexans expects to achieve:

- Adjusted EBITDA of between €670 and 730 million;
- Normalized Free Cash Flow of between €200 and 300 million.

Moreover, the Group is confirming its 2024 Capital Markets Day targets and will continue to implement its strategic roadmap and priorities.

As such, the rating issued by S&P may be used for regulatory purposes in the UK in accordance with the UK CRA Regulation.
